

Best Van Drivers Prize Draw!

The Criteria for the Prize Draw

Over the period of 1 calendar month:

- Achieve a driver style score of 85, or make a marked improvement over the previous months score
- Drive a minimum of 15 hours
- Drive a minimum of 100 miles
- No own fault accidents or incidents

**£50
reward!**

How it Works

For the next year we are going to trial the Prize Draw Scheme to try and improve van driving performance.

To begin with we have split the company into two groups, each group will receive a driver style update on a weekly basis to check scores and hopefully assist in driving (ha ha) a bit of friendly competition!

At the end of the month a driver style report will be generated, those achieving the above criteria will be entered into the prize draw. 1 driver will be selected at random from each group and they will be rewarded with a prize of £50.

Rules and conditions

1. There is a minimum requirement on miles and hours driven to keep things fair.
2. If an employee leaves their employment during the promotion they will forfeit the right to receive any prize.
3. The decision on the winner will be final
4. John O'Conner reserves the right to change, alter, or amend any rule relating to the promotion at any time or to offer participants an alternative prize.

We are proud to have won the RoSPA Gold Award for Management of Occupational Road Risk.

Lets keep up the good work!
